SHAHUL HAMEED

UI/UX Designer | Frontend developer

shahulhamd456@gmail.com | 9744566541 | Malapuram,kerala | Linkedin

Profile

I'm an entry-level UI/UX Designer skilled in creating clean, user-friendly interfaces and improving digital experiences through thoughtful design. I enjoy solving real user problems using wireframes, prototypes, and intuitive visuals. I work with Figma, design systems, and modern UI trends to create smooth and meaningful user journeys. I'm constantly learning and refining my design skills to build products that feel simple, modern, and easy to use.

Education

Skill Diploma in Ui UX Designing   06/2025 – 12/2025
Technodot academy   Kozhikkode,Kerala

BCA   2022 – 2025
Calicult University   Malapuram,Kerala

Skills

Design Tools: Figma, Adobe XD, Photoshop, Illustrator

UI: Wireframing, Prototyping, Layouts, Color Theory

UX: User Research, Personas, Journey Mapping, Usability Testing

Other: HTML, CSS, Responsive Design, React.js

Projects

Plant Monitoring System (IoT Project)
Designed UI for an IoT-based system that tracks soil moisture, temperature, and humidity levels using sensors. Created mobile and web dashboards in Figma for real-time monitoring and alerts. Focused on clean visual hierarchy and nature-themed minimalist design.
